

# Equity-Centered Climate Change Action Plan

Health Care Roundtable:

*Opportunities & Principles for Climate Change Action*

Wednesday | October 26, 2022 | 4:00-6:00pm

Spencer F. and Cleone P. Eccles Health Sciences Education Building  
26 South 2000 East Alumni Hall (Room 2110)

## Roundtable Purpose

Collaboratively develop principles to guide the U's Climate Change Action Plan and identify health care goals that will help bring these principles to life.

## Results

Results of the Roundtable, along with other streams of input, will be refined and prioritized at the November online Roundtables to help draft the U's Climate Change Action Plan.

## Agenda

9:00 am

### Welcome and Introductions

Kerry Case, Chief Sustainability Officer, University of Utah

*What's an opportunity you see for the U to take bold, equity-centered action on climate change?*

### About the Climate Change Action Plan

Alexis Pearl Lee, Director of Environmental and Social Sustainability, University of Utah Health

### Centering Equity in the Plan

Shalini Sinha, Founder, Inclusiv

### What We've Heard So Far

#### Exercise: Principles & Values

*What is most important to me about how the U responds to climate change in health care?*

*What would it look like to live this principle as the U takes climate change action in health care?*

#### Exercise: Climate Change Action Goals

*What climate change action goals in health care should the U pursue?*

### Next steps & evaluation

11:00am **Adjourn**
